

Shawn Kost

Full Stack Web Developer

☎ (949) 413-8986 ✉ shawnmkost@gmail.com 📍 Orange County, CA 🔗 [shawnkost](#) in [shawnkost](#)

Technical Skills

- **Strong:** JavaScript ES5 & ES6, React, PostgreSQL, Node.js, AJAX, HTML5, CSS3, Bootstrap 4
- **Experienced:** Express.js, OOP, Procedural Programming, Flexbox, jQuery, Argon2
- **Tools:** Git, GitHub, VS Code, npm, Figma, Postman

Applications Developed

AniManiac - [GitHub](#) | [Live Demo](#)

- A web application that utilizes **Jikan API** to showcase the most popular anime series
- Built an intuitive UX/UI design that toggles between light and dark mode using **HTML5** & **CSS3**
- Initiated **AJAX** requests to retrieve **JSON** data to create and append a table to the web page
- Implemented **JavaScript (ES6)** functionality that works alongside the retrieved **JSON** data to display images and text about different anime series

GoodGames - [GitHub](#) | [Live Demo](#)

- A full-stack web application built with **Express.js** and **React.js** for users to leave reviews on video games
- Implemented a user authentication system using a **JSON Web Token** and **Argon2**
- Created a relational database using **PostgreSQL** to store user information
- Developed a fully responsive web application using **Bootstrap 4**

Professional Experience

Computer Technician, *Coastline Micro, Inc.*

Aug 2017 - Nov 2020

- Responsible for integrating various computer desktops and servers
- Reinforced customer relationships by delivering their products straight to their office if they were nearby
- Streamlined the companies return process by keeping track of damaged products in a database
- Communicated with clients about their issues regarding specific products and followed up with them by repairing the product directly or by sending a replacement product

Education

Accelerated Web Development Program | *LearningFuze*

- Spent over 800 hours (65-70 / week) developing full stack web applications

Hobbies

- Baseball
 - My goal is to travel and watch a game at all 30 ballparks (7)
- Video games
 - I play a variety of different games, but my go to games are League of Legends & WoW
